

**Public Open House Meeting
for
Sahalee Way Widening
Northeast 25th Way to Northeast 37th Street**

Date: Wednesday, November 4, 2015 7:00 –8:00 PM

**Location: Boys and Girls Club Teen Center
825 228th Ave NE**

The detailed engineering design phase of this project is about to begin. This work will entail detailed survey, geotechnical exploration, hydraulic analysis, and preparation of engineering plans and specifications.

You are invited to join City staff at this open house meeting to review specific design elements, schedule and budget. This is a great venue to share specific concerns and to ask questions about how specific problems might be addressed in the project design. If you cannot attend the open house and would like to get more information about the project, please check out our website or contact the Project Engineer, Jed Ireland.

The scope of the project includes new sidewalk, planter strip and bike lane on the west side of the road; widened shoulder/bike lane on the east side, and continuous two-way left-turn lane or median down the road-way center. Intersection control will be provided at NE 28th Place/233rd Ave SE.

Staff Contact: Jed Ireland, P.E., jireland@sammamish.us or (425) 295-0563

Website: <http://www.sammamish.us/projects/SahaleeWayWidening.aspx>

The meeting room is wheelchair accessible. American Sign Language (ASL) interpretation is available upon request. Please phone (425) 295-0500 at least 48-hours in advance for all accommodation requests.
