In 2020 the PSSH campaign was primarily focused on awareness on all three primary themes of behavior change. This year the 2021 PSSH campaign began to shift to connection and drive users to the website for specific vehicle education information and encourage completion of an educational quiz. The ads ran in September (Puget Sound Starts Here Month) and generated over 1K impressions from Sammamish zip codes. This year's regional media campaign:</p> <ul style="list-style-type: none"> • Delivered over 13K clicks to the website for Car Care specific information and behavior action • Saw a YTY 46% increase in ad to website click through rate (CTR) and a YTY 40% increase in video views • 24% of all website traffic went to additional pages on the site, which gave us learning that residents want more information about what they can do to protect Puget Sound. • Noted a trend that campaign optimizations create more media efficiencies as the campaign runs longer, providing a case to lengthen the PSSH campaign and use as a driver for our local events over more months. <p>In addition to</p>

			<p>collaboration on digital advertising, best management practices messaging and graphics for communicating to effect behavior change, City of Sammamish Staff (Engineering Technician, Lisa Werre) has been deeply involved in STORM Symposium Planning Committee, Dumpster Outreach Core Team, Dumpster Outreach Implementation Team, Business Inspection Group (BIG) and north end Stormwater Outreach Group (SOG) for 7 years.</p> <p>In 2021 Sammamish was one of 14 jurisdictions that collaborated with SOG on messaging and development of a media campaign on King County Metro buses with ads that state, "Only Rain Down the Storm Drain" and a best management practice. Those ads garnered over 3 million impressions.</p>
