## Executive Summary

**Economy:** Inflation as measured by CPI-U posted a 12 month increase of 2.4% on the national level for September and 3.1% for the Seattle-Tacoma-Bellevue area for the month of August, according to the U.S. Bureau of Labor Statistics. The unemployment rate for September was 4.1% on the national level and for Sammamish it was 4.4% on a preliminary basis for the month of August, the most recent available data. Seattle area home prices have been rising over the last six months and in July, prices were 6.0% higher than July of 2023. They are currently 4.0% lower than the peak high prices reached in May of 2022, according to the Case-Shiller non-adjusted index.

**Revenues:** Total revenues for the first nine months of 2024 are \$52.3 million, about \$2.0 million below 2023 levels at this time. Some individual variances are briefly explained below:

- Taxes in total are \$2.4 million higher than last year. Variances by type of tax are outlined below:
  - \*Property tax revenue is approximately \$0.6 million higher through August than last year. The year over year variance is primarily due to taking the 1% allowable annual increase. The majority of property taxes are paid in the April/May and October/November time periods.
  - \*Sales taxes are slightly above last year at this time. The following page of this report has more detailed information by the category of sales and year over year variances.
  - \*The City's share of criminal justice sales taxes are \$48 thousand lower year to date this year, compared to last year and it seems like these taxes are trending slightly lower.
  - \*Real estate excise tax (REET) revenue year to date is approximately \$1.5 million higher than the first eight months of 2023. The median sales price for the month of September in Sammamish was 8.4% higher than in September of 2023, and the number of sales YTD is up 13%, 673 sales versus 593 sales.
- Licenses/Permits and Charges for Goods & Services categories, including development revenue as well as other revenues related to charges for goods and services, combined are \$0.8 million higher through September of 2024 compared to 2023. These revenue categories are higher primarily as a result of receiving higher mitigation and surface water fees in 2024.
- Intergovernmental revenues are \$6.5 million lower this year as 2023 included \$4.6 million from ARPA recognized as revenue in 2023 and \$1.6 million from a Department of Transportation grant.
- Miscellaneous revenues are \$1.3 million higher through September of 2024 than last year. Interest rates are higher than they were in the early part of 2023 and the City has received approximately \$1.2 million more in interest income YTD in 2024 than in 2023.

**Expenditures:** Total expenditures through September of 2024 are approximately \$16.0 million higher than they were through September of 2023. Personnel costs are higher than last year primarily due to switching to the new compensation plan that included an 8.6% across the board increase on January 1, 2024. Maintenance & operations costs are higher compared to last year by \$0.7 million, with the largest YTD increase from spending \$0.3 million more on insurance in 2024. Police and fire contract spending is lower YTD than last year at this time due to the timing of payments on the police contract. Capital spending is higher by \$14.5 million, primarily due to expenditures on fields at Inglewood Middle School and spending on Fire Station #82.

**Combined Total:** For the first nine months of the year, for all funds, the City's total revenues are \$6.6 million lower than total expenditures. The City has collected 67% of the annual budgeted revenues and expended 64% of the annual budgeted expenditures. For 2024, total expenditures are budgeted to be \$13.5 higher than total revenues, primarily due to spending within the capital funds.

## City of Sammamish Sales Tax September 2024

*There is a two-month lag in sales tax reporting due to the timing of the receipt of revenues, so the YTD results through September of 2024, include nine months, however, the data included are sales from the months of November and December of 2023 and January through July of 2024. At the end of the year a journal entry is done to move the tax revenues to the appropriate year. Additionally, this report only contains retail sales tax, it does not contain the city's share of criminal justice sales tax, which has an annual budget of \$2.15 million.*

Sales tax revenue for the first nine months of the year is slightly higher than last year. Over the last few years, the City's sales tax revenues have been fairly consistent, between \$7.2-\$7.7 million annually, (excluding shared sales tax revenue from criminal justice sales tax).

Here are some general observations on sales tax revenue by category, and note confidentiality agreements restrict giving specific information on individual companies:

**General Merch/Misc Retail** is lower \$5,034 or 0.2% compared to 2023. Within this category, the sub-categories containing gardening, home furnishings, electronics and personal/healthcare are below last year's levels, while clothing, accessories and sporting goods are slightly higher than last year.

**Contracting** revenue, which contains primarily construction-related companies, is lower by 5.1% or \$76,469 compared to last year and is the category with the largest year over year negative variance. This reduced level of sales tax in this category is also seen in lower development revenues within the City.

**Services** revenue is up 5.6% or \$60,173. The largest increases are coming from the sub-categories called administrative support, including technology, and a sub-category called arts, entertainment and recreation. The largest year over year decline is from the sub-category called professional, scientific and technical services.

**Miscellaneous** revenue is higher by \$45,276 or 11.1% compared to last year, with the majority of the increase within the statewide pool.

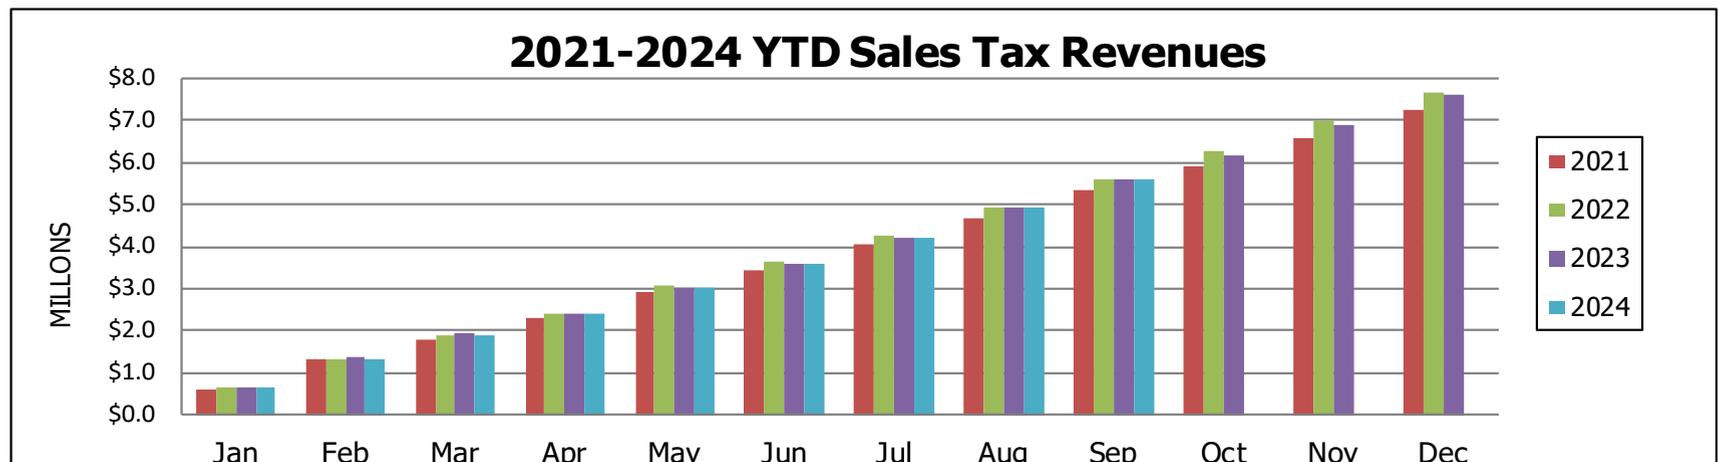

**Retail Eating/Drinking** revenue is down \$8,062, or 3.0% YTD, due to various increases and decreases in monthly revenues from individual restaurants compared to last year.

**Wholesale** revenue is higher by 10.2% or \$17,625 YTD. This increase is due to a handful of companies within different lines of wholesale businesses that have increased their sales this year.

**Communications** sales tax revenue is \$10,489 or 7.8% lower YTD than last year. Within this category, there are many companies experiencing decreases.
